

The Jenkins Observer

Produced by Members of the Jenkins Place Senior Center

MAYOR'S MESSAGE

Even though we're in the middle of summer, my staff and I are working hard on many different fronts to improve services for everyone in the community. Seniors are a treasured group, and for that reason, we continue to seek funds for programs and food service. We're still awaiting word on our proposal to the Cuyahoga County Division of Senior and Adult Services, but I'm very excited about the possibilities that include the new Senior Connections program through University Circle, Inc., which provides world-wide cultural learning experiences. The program offers experiences using videoconferencing technology combined with the world-class resources of Circle institutions. Videoconferencing enables seniors to "travel the world" using interactive technology in real-time from local senior centers. The program also offers selected field trips to cultural institutions for concerts, lectures, and exhibitions in conjunction with monthly videoconferences. When I heard about this program several months ago, I initiated the proposal so that seniors who come to Jenkins Place can take advantage of this life-enriching opportunity.

I'm also happy to see that many seniors who come to Jenkins Place are expressing interest in supporting other City events. It was great to have several seniors at our booth during First Fridays to share information about all the great things taking place at Jenkins Place. In the future, I hope to see a lot more senior participation in City events, including our First Police Appreciation Day on August 16, where lunch will be served.

I invite everyone to always share their thoughts and ideas with me concerning programs and senior involvement with all things Olmsted Falls. We treasure you and your input!

What is the Senior of the Month?

*"Getting to know you,
getting to know all about you."*

We want to get to know all of our seniors and help them get to know each other. You can volunteer, or suggest a friend. You will be interviewed by Annette and she will write up your story. You can read it before it's posted and make changes. To put a name with a face, we can either take your picture, or use a picture you have. Original pictures will be returned. Everyone who participates will receive a framed picture of the display and be included the a new Senior of the Month scrapbook! If you would like to be featured as a Senior of the Month, please contact Annette Towner, Sunshine Chairperson, or call Rachel O'Malley at Jenkins Place 440-427-2519.

GREEN TIP OF THE MONTH - AUGUST – 2018

The next time you're asked "paper or plastic?" answer "Neither!"

Paper – Americans use 10 billion paper bags a year. To make the heavy paper for bags requires virgin pulp for living forest. The more trees we cut down, the more CO2 is released into the atmosphere and the fewer trees left standing to absorb all the CO2.

Plastic – The amount of petroleum (oil) used to make 14 plastic bags is equivalent to what it would take to drive a car one mile. 100 billion plastic bags are thrown out every year wasting enough oil to drive 47,619 cars for a year.

Neither! Take your own reusable bags to the store. If you forget or don't have any, purchase some that most stores offer at a reasonable price, and leave bags in your trunk.

We will be putting Green Tips in the newsletter as space allows. If you have a tip you would like to share, please contact Annette Towner, Sunshine Chairperson.
